

Mission

ADaRSH is mandated to promote development of green buildings & habitats in India through GRIHA.

Goal of GRIHA

To help develop resource-efficient & healthful buildings through rating, training & advocacy.

Training programmes on GRIHA

ADaRSH organizes 3-day training programmes on GRIHA across the country, round the year.

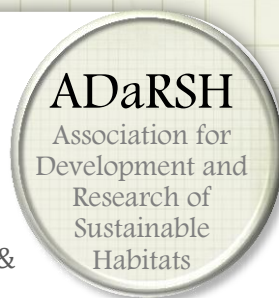

Highlights of GRIHA Training Programme

Insight into green building design & process adopted to design, operate & evaluate green buildings

- Integrated Approach to design: Hands-on group exercises are included to give a feel of integrated design.
- Performance based design: Exercises to evaluate GRIHA criteria follow presentations.
- Demonstration of select software tools for designing green buildings and systems with hands-on training.
- Best Practices for prescriptive criteria under GRIHA and references to the national standards.
- Demonstration of online tool for GRIHA Evaluation and documentation.

GRIHA Certified Trainers are to be well-equipped to help GRIHA projects in facilitation and documentation. They can also conduct awareness programmes on green buildings and GRIHA.

GRIHA Certified Evaluators are likely to be engaged by ADaRSH in reviewing GRIHA criteria of projects in their field of expertise on a remunerative basis. They can also take active part in the evolution of GRIHA rating tools.
