

INNOVATIONS IN SUSTAINABLE HABITATS

THE GRIHA APPROACH

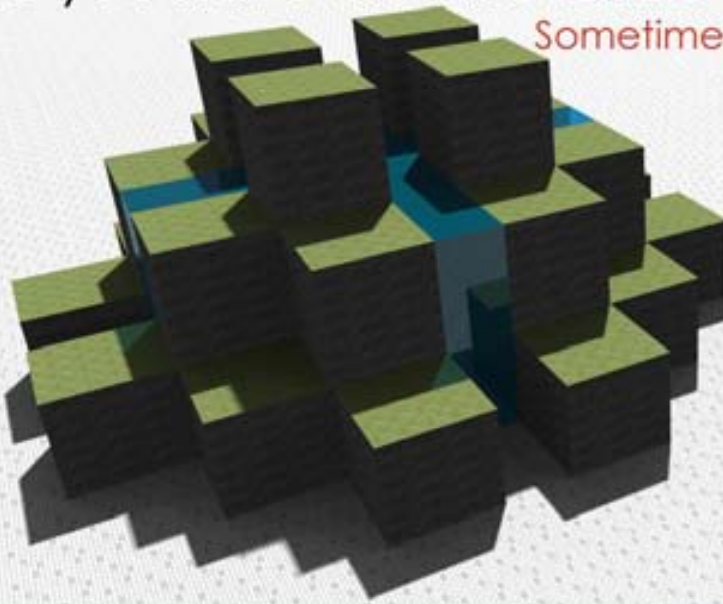

10 & 11 December 2012

Vivanta by TAJ - M G Road

Bangalore

Do you have an innovative idea for green building ?

Sometimes really simple ideas are the best!!

TERI is inviting ideas that are simple & Innovative for increasing awareness on green buildings. The contest is open for all enthusiastic students to suggest new ideas for greener built environment

Students with the best two ideas will be invited and given an opportunity to present during the conference in Bangalore.

Ideas could be in the following categories

Envelope

Fenestration

Daylight

Efficient Lighting

Renewable energy

Recycled materials

Prizes

GRIHA Manual(set of 5 volumes)

Merit Certificate

Free passes to conference

Ideas should be written in English with maximum 300 words along with sketches and should be sent to d.kumar@teri.res.in on or before **15th November 2012**.
