Builders Hit Hard By Court Ban On New Construction In Mumbai
August 23, 2017

Increasing C&D waste generation has led to ban of construction in some parts of Delhi & Mumbai
Mumbai produces about 1,500 metric tons of construction debris every day and a lot of it is found dumped illegally on the roadsides and mangroves.

August 10, 2017

"Large generators of C&D waste will have to pay relevant charges for collection, transportation, processing and disposal as notified by concerned authorities".

Large generators - 20 tons/day of C&D waste - to submit waste management plan in advance to address environmental issues for approvals of local authority.

C&D Waste is a growing concern being faced by the RE&C industry
