TOWARDS URBAN SUSTAINABILITY THE GRIHA APPROACH

A Two-Day Regional Conference

12th-13th October, 2012, Pune

Highlights

- Explore how urban sustainability can be achieved through policy and implementation mechanisms.
- Focus at all levels; national, state & city.
- Explore GRIHA and its role in promoting sustainable urban habitats.
- Interact with a wide, interdisciplinary community, committed to the cause of Urban Sustainability.

Eminent Speakers

- **Dr. Rajendra K. Pachauri**
Director-General, TERI and Chairman, Intergovernmental Panel on Climate change, winner of the Nobel Peace Prize (2007) and Padma Bhushan (2008)
Renowned environmentalist and economist.. Has lead the global discourse on climate change and was on the Prime Minister's advisory council on climate change.
- **Ms. Mili Majumdar**
Director, Sustainable Habitats, ADaRSH
Architect and building technology professional with specialisation in energy efficiency. Initiated the development of GRIHA, the national green building rating system.
- **Ar. Marcus Wilshire**
Director, Urban Initiatives, United Kingdom
Architect and urban designer with over 20 years experience building and planning projects. Developed 'urbanISM' - a consultancy tool for spatial master planning and large scale urban design projects.
- **Dr. Madhav Gadgil**
Member, National Advisory Committee, Head of the Western Ghats Ecology Expert Panel
Ecological Expert. Has conducted significant research in evolutionary biology, conservation biology, human ecology, natural resource management and ecological history.
- **Dr. Arun Deshpande**
Prayog Pariwar, Solapur
Scientist and Social Worker. Initiated a movement for water and soil conservation through 'Water Bank Initiative' in Ankoli village.
