

ACE Initiative

For students enthusiastic in MAKING a greener INDIA

Agents of **C**hange for **E**nvironment is a student membership program by GRIHA Council to bring along the future generations of architects and engineers together and provide an interactive platform for disseminating knowledge around GRIHA way of greening INDIA. ACE members become the torch bearers to fight for their and coming generations future.

So if you are passionate about the environment, come be a part of the GRIHA Student Membership Program.
