The Climate
Reality Project

The background of the entire image is a painting of a rural farm scene. In the upper portion, a large, dark barn with a blue roof and a tall, cylindrical silo are visible against a light sky. The middle ground is a vast, green field. In the lower foreground, a farmer in a dark coat and hat stands next to two horses, looking towards the right. The entire scene is framed by a thin blue border.

The farmer is the only
man in our economy who
buys everything at retail,
sells everything at
wholesale, and pays the
freight both ways.

~John F. Kennedy
