*Rated out of 50

1. It becomes a demonstration project in sustainable development
2. Interactive format of assessment
3. Self-assessment tools provided
4. Third-party consultants not required
5. Informative exercise for students
6. Preparing a green campus
7. Energy and water bills can be monitored
8. Third party consultants not required
9. Preparing a green campus
10. Informative exercise for students

About GRIHA

GRIHA Council, an autonomous body jointly set up by TERI and the Ministry of New and Renewable Energy (MNRE) to promote the development of sustainable buildings and habitats in India through GRIHA, the indigenous rating system developed by TERI which was adopted as the National Rating System of India by MNRE.

What is ‘GRIHA for Day Schools’?

GRIHA for Day Schools' rating system has been jointly developed by GRIHA Council and The Energy and Resources Institute (TERI). It is an assessment tool cum training module for school students to evaluate the environmental performance of their school against nationally-accepted benchmarks.

About ‘GRIHA for Day Schools’ Rating System

‘GRIHA for Day Schools’ is a green rating system designed specifically for existing day schools. It includes self-assessment tools for energy, water, solid waste management, comfort, and trees. It eliminates the need for third-party consultants, making it an informative exercise for students who can observe their school's performance through energy and water bills. This system also prepares students to respond to climate change by engaging them in sustainable development.
