

GRIHA PRODUCT CATALOGUE BROCHURE

ABOUT **GRIHA**

Green Rating for Integrated Habitat Assessment (GRIHA) is a green building rating tool which evaluates the environmental performance of a building holistically over its entire life cycle, based on quantitative and qualitative criteria, thereby providing definitive standard for green buildings and habitat. It seeks to minimize resource consumption, waste generation and overall ecological/ environmental impact of buildings and habitat. Based on the principal “what gets measured, gets managed”, GRIHA measures building’s environmental performance on a scale of 1-5 stars.

GRIHA is India's National Rating System for Green buildings. It is a joint initiative by TERI (The Energy and Resources Institute) and the MNRE (Ministry of New and Renewable Energy). It is based on nationally accepted energy and environmental principles, and seeks to strike a balance between established practices and emerging concepts, both national and international in order to enhance the building's performance. India, in its INTENDED NATIONALLY DETERMINED CONTRIBUTION (INDC): WORKING TOWARDS CLIMATE JUSTICE" document submitted to the United Nations Framework Convention on Climate Change (UNFCCC), has highlighted GRIHA, as the country's own green building rating system, and a significant strategy in the National Mission of Enhanced Energy Efficiency to reduce emission intensity. Thus, GRIHA is part of the mitigation strategy of our country for combating global warming and climate change.

GRIHA PRODUCT CATALOGUE BACKGROUND

In recent times, the market of green building products has increased manifold. This has helped in increasing the availability of green building products but contrariwise, many deceptive products claiming to be green are also thriving. The ever increasing range of products has made the building professionals unsure about whether a certain product meets the GRIHA parameters or not. Therefore, the GRIHA Council launched the GRIHA Product Catalogue in the year 2012. It is an online product catalogue which has been developed to facilitate green building designers, architects, engineers, builders and clients with all necessary information on trustworthy green building products which can be used in order to make buildings GRIHA compliant.

HOW TO ENLIST YOUR PRODUCT(S) IN GRIHA PRODUCT CATALOGUE^[1]

Download the GRIHA Product Catalogue registration form & product specific questionnaire from the link - <https://www.grihaindia.org/register-product>. If product typology is not listed in questionnaire, please email GRIHA team at ankit.bhalla@grihaindia.org or info@grihaindia.org.

Duly fill both the forms (remember to insert your digital signatures in the registration form).

Collect all the documents as listed in both the forms (soft copies).

Email the completed forms along with necessary documents (soft copies only) to GRIHA team at the above mentioned address.

GRIHA Council evaluates the documentation.

Information is sufficient and product meets GRIHA parameters.
If yes - Registration fees is paid. Product information is uploaded at the GRIHA website and approval certificate is issued.
If no - GRIHA Council requests for more information.

REGISTRATION FEE

Product Catalogue fee is Rs 25,000 (plus taxes) for one product line for the initial enlistment of 2 years, subsequent renewal shall be Rs 15,000 (plus taxes) for every 2 years.

Product line: A single product or group of products (maximum up to 10 nos.) which have similar application and are manufactured by a single company.

^[1] The hard copies of documents/forms are not required.

LIST OF TECHNICAL QUESTIONNAIRE FOR PRODUCT(S)

Adhesives/
Sealants

Air filtration
system

Aluminum for internal
door and window frames
and sub-assembly

Cement

Ceiling Fans

Chillers

Composite wood
products for internal
application

Concrete
admixtures

Controls

Cool roof
coatings

External doors and
window frames

External glazing

Flooring tiles

Films for
glazing

Glass for internal
applications

Innovation

Insulation and other
insulated products

Laboratory

Lime/Gypsum
plaster

Landscape
irrigation systems

Low-flow fixtures for
water conservation

Mineral fibre
tiles - for internal
partitions/paneling

Outdoor artificial
lighting

Organic waste
composter

Paints and coatings
- both interior and
exterior applications

Pavers

Products for internal
partitions/ paneling/
false ceiling

Rainwater
harvesting
filtration system

Sewage
treatment plant

Solar thermal
ACs

Solar photo
voltaic panels

Stone-for flooring

Transformers

Walling - blocks/
bricks

If the typology is not mentioned in the above list, please send your company brochure highlighting the product you wish to register and listing down the green and sustainable features of the same. Complete the information and email the documents to GRIHA team at ankit.bhalla@grihaindia.org or info@grihaindia.org

BENEFITS OF ENLISTING YOUR PRODUCT IN **GRIHA PRODUCT CATALOGUE**

- ▶ Endorsement of GRIHA logo to advertise enlisted product(s).
- ▶ Products enlisted in GRIHA Product Catalogue are recognized in numerous building construction tenders both government as well as private sector.
- ▶ The enlisted products ease the documentation process for attaining points under various criteria and multiple variants of GRIHA rating.
- ▶ Visibility on GRIHA website (during the due course of validity).
- ▶ Enlisted products circulated through GRIHA monthly Newsletter.

VALIDITY

The certificate remains valid for a period of 2 years from the date of registration.

RENEWAL PROCESS

The renewal process remains the same as that of new registration.

The products need to apply for renewal before the validity gets expired.
